

Building Solutions That Build Worth

THE CHALLENGE

A national floor distributor went bankrupt leaving a warehouse full of debris and without a tenant.

THE MKR SOLUTION

- Removed overgrowth, years of neglected piles of debris surrounding loading dock areas
- Removed tons of debris and flooring samples from property
- Removed 200,000 square feet of racking to open up floor
- Cleaned every square foot of interior

THE RESULT

The space is now generating revenue, being utilized by a prominent retail chain as their Greater Boston distribution center.
